

To: Year 2 or above BA students declaring China Studies Major/Minor

Fulfillment of China Studies Major/Minor programme

This is to inform you that a course SINO1003 “Greater China: A Multi-disciplinary Introduction (6 credits)” is newly introduced with effect from 2017/2018 onward and will be offered in Semester 1, 2017-2018. The introductory courses SINO1001 “China: the long twentieth century (6 credits)” and SINO1002 “Introduction to contemporary China (6 credits)” are no longer offered.

In this connection, Year 2 or above students who have completed only either SINO1001 or SINO1002 are required to take SINO1003 to fulfill the 12-credit requirement of the introductory courses for China Studies Major/Minor programme. Final year students can opt for taking another disciplinary elective course under China Studies programme to replace SINO1003. Please submit your request to Dr. Loretta Kim (lekim@hku.hk) and specify the replacement course for approval.

Should you have any enquiries, please feel free to contact the School Office.

Thank you for your attention and cooperation.
